

# Sutter Creek Fire

## Protection District

November 12<sup>th</sup>, 2025

To: Board of Commissioners

From: Chief Moreno

Re: Amador City Fire Station

We have received a reply from Attorney George Ryan on the Amador City Fire Station land. I have included that letter with your packet. I have worked up some numbers for material for the fire station in Amador City. This would be a 21x30 x 12 metal frame building with Hardiboard lap siding with a galvanized roof. The building would use an off grid solar system for electrical and propane heaters for freezing protection. Would like to have discussion on direction from board for the district to proceed.

Dominic

Approximate material cost for a 21x 30 x 12 metal building with hardi board exterior and galvanized metal roof

	Qty		
Concrete	13	\$180.00	\$2,340.00
Concrete extras	1	\$1,200.00	\$1,200.00
Garage Door	1	\$4,000.00	\$4,000.00
Solar system	1	\$2,500.00	\$2,500.00
Propane heater	1	\$1,500.00	\$1,500.00
Building exterior	1	\$8,000.00	\$8,000.00
Building Sh 20x30x12	1	\$6,000.00	\$6,000.00
Paint	1	\$1,500.00	\$1,500.00
Ground woi Gravel	1	\$2,000.00	\$2,000.00
Gate	1	\$800.00	\$800.00
			\$0.00
			\$0.00
			\$29,840.00
